If we are unable to contact you, can someone else make pet care decisions on your behalf? Yes No

If so, please list emergency contact's name and telephone number:

If not, The Drake Center for Veterinary Care will assume the role of emergency contact.

To protect our patients while boarding, we require all boarding pets to have a current examination by a Drake Center veterinarian (frequency based on the age and health of the pet), current vaccinations including DHP-P, Bordetella and Rabies, a current fecal examination and de-worming. All pets must also be free of external parasites (fleas and ticks).

In the unlikely event your pet should become ill or develop any medical condition requiring treatment, we will do our best to contact you and/or your emergency contact. It is our policy, however, to use our best judgment in providing medical care to the pets left in our care. By signing below, you acknowledge this policy and understand that you will be financially responsible for any fees accrued.

This boarding facility follows all guidelines established regarding abandonment laws and lien guidelines under the Civil Code 3080, 3051, 3052. A copy of the abandonment clause is posted in the reception area of our facility.
